

Family Talk – Patience of Faith: Sarah

READ TOGETHER

Hebrews 11:11–12; Genesis 18:9–15

1. Why is it difficult to be patient while we wait on God's timing?
2. How did God demonstrate His faithfulness to Abraham and Sarah?
3. Name one situation where you need patience to trust the Lord's timing?

LIVE IT

The world we live in doesn't always promote patience. We want what we want when we want it, and we want it NOW! We grow impatient sitting in a drive-thru or waiting for a package to arrive. We've grown used to instant gratification.

Sometimes we have to wait a long time to see God move on our behalf. But as we wait on the Lord, we're given time to grow our faith. We trust that His timing and plan for our lives are better than our own. **Romans 8:28** tells us that God is constantly working things out, even when we can't see it. How can you grow your patience, faith and trust in God's timing?

LEAN ON GOD

Dear God,

Help us develop patience. Holy Spirit, empower us to trust You more and more every day. Your timing is always perfect, and we want to wait patiently on You. We believe You are for us, not against us, and that You know what is best for us.

In Jesus name,

Amen
