**Matthew 8:1-4**

1. Have you ever been in a place of desperation when there's nobody to turn to for support and nothing else you can do, so then you turn to Jesus?
2. Why do we wait instead of turning to Jesus first?

**LIVE IT**

---

In the case of the man with leprosy, maybe he didn't have a choice. It took such boldness to go from being an outcast to being seen, from broken to restored, and from death to life! Will we be bold and go to Christ to heal us from our struggles and receive what only He can give?

Jesus asked the leper not to tell anyone but to present himself to the priest with the offering required in the law of Moses. What does each piece of the offering represent (see Leviticus 14:2-32)?

When you find healing from something only Christ can fix, do you share the victory you experienced with a pastor? But, more importantly, do you thank Jesus for His healing in your life?

**LEAN ON GOD**

---

Father,

Help each of us to come to You and confess what only You can fix. Show us Your healing power.

In Jesus name,

Amen
