

Family Talk– Credibility

READ TOGETHER

Daniel 2:1–23 (NLT)

1. What stands out for you from these verses?
2. When was the last time you used *wisdom* and *discretion*?

LIVE IT

We never know what life is going to throw at us. We have unplanned situations happen to us all the time, from pop quizzes to meetings that are longer than expected. These are perfect opportunities to practice taking our expectations and disappointments to God first. While we don't have to worry about a king going crazy like Daniel did, we do have unplanned situations pop up all the time—like getting stuck in traffic or a friend cancelling at the last minute.

What do we do when life isn't going the way we want? Daniel, used *wisdom* and *discretion*, and he prayed to God. As a family, talk about what you can do when life is going a different direction than you expect.

LEAN ON GOD

Dear God,

Thank You so much for this day. You sent Your Son to earth and be an example for us all. Please continue to guide us in living our lives because You know we can't do it on our own. Show us this week how to be wiser.

We love You.

Amen.
